

Interscience Research Network

The **Interscience Research Network (IRNet)** is a body to promote interdisciplinary research among professional, scholars and researchers. It organizes various workshops, seminars and conferences on various subjects time to time throughout the year.

Vision

To establish a worldwide network of researchers and scholars of various disciplines, for providing them supports they need during their initial research time and also facilitating them with publishing their research articles in reputed journals and periodicals in India and Abroad.

Mission

- To network among the researchers, scientists, academicians and professionals from Industries
- To promote research among the scholar, researchers and faculty.
- To help the scholars and researchers to acquire knowledge through seminars, conferences and workshops.
- To help scholars, researchers to publish their findings in International Journal and Periodicals.

Interscience Open Access Journal

With the mission to propagate quality learning and disseminate innovative information to the society through excellence in education and research, Interscience Open Access Journals is for the benefit of everyone ranging from the academic and professional research communities to industry practitioners. The journal will cover wide range of topics in the field of Science, Engineering and Technology. Interscience Open Access Journals would comprise of publication having balanced mix of quality hypothetical and empirical research articles, editorials, book reviews, tutorials, and case studies in the areas of computer science and information technology.

Our Journal :

- International Journal of Computer and Communication Technology (IJ CCT)**
- International Journal of Communication Network and Security (IJCNS)**
- International Journal of Computer Science and Informatics (IJCSI)**
- International Journal of Failure Analysis and Design (IJFAAD)**
- International Journal of Advances in Civil Engineering (IJACE)**
- Interscience Management Review (IMR)**
- International Journal of Applied Research In Mechanical Engineering (IJARE)**
- National Journal Of Power System Operation & Energy Management (NJPSOEM)**
